

OAK VIEW VILLAGE HOMEOWNER'S ASSOCIATION, INC.

Architectural Review Committee Procedure/Application

All construction, improvements, remodeling, or modification on, or to a lot, except interior changes, must be approved in advance by the Architectural Review Committee. **Please review your covenants and restrictions prior to submittal.** The process is as follows:

A written request must be submitted with detail plans and any other information that may be helpful in making a decision. This includes but is not limited to color samples, pictures, drawings, surveys, etc.

The ACC then has 30 days to review and respond. No work should begin prior to this approval. It is recommended that you do not sign any contracts, order materials, or pay deposits until you receive approval. Recommendations from other residents, the construction or sales staff should not be assumed as "approval". Only a written letter from the ACC Committee confirms approval.
